Re: Underserviced Cellular Communication Services in Rural and Urban Centres in the Town of Plympton-Wyoming, other Rural and Urban Centres across Lambton County, and beyond

Please be advised that the Council of the Town of Plympton-Wyoming, at its meeting on July 31st, 2024, passed the following resolution:

Whereas the Government of Canada and The Town of Plympton-Wyoming have approved 2 new Cell Tower installations, yet no installations have occurred. ISED regulations state, *“Following the consultation, and once the company and local municipality agree, the tower must be built within three years.”*

And Whereas the Town of Plympton-Wyoming is not able to utilize all the available modern technology for Fire Services due to the lack of cell signals and reliable cellular service coverage in our rural and urban communities.

And Whereas residents of our community are not able to have reliability and confidence in our telecommunications infrastructure for our commercial establishments and economic growth, employment, school, virtual medical appointments, mental health, welfare and emergency services.

And Whereas Many areas are considered “Dead Zones” causing rural and urban communities to incur prohibitive costs which include roaming and overage fees and/or alternative resources in order to gain basic and limited communication functionality.

And Whereas the Federal Government is already exploring 6G services, yet existing Cell Towers in The Town of Plympton-Wyoming are only providing 3G which is ending in 2025, LTE and 4G service – where these services are even available.

And Whereas the ISED has committed to have a reliable Network and states that, *“Reliable telecommunications networks have never been more crucial. They support not only a wide range of economic and social activities but also other critical infrastructure sectors and*

government services, and they are crucial for emergency services and public safety. They are fundamental to the safety, prosperity and well-being of Canadians.”

And Whereas the top priority of the ISED as stated in the Telecommunications Reliability Agenda is, *“Robust Networks and Systems – This means there is robust architecture for telecommunications networks with appropriate redundancy, diversity, and hardening against hazards, with particular care for emergency services. There are systems with controls and monitoring and the telecommunications supply chain including supplier equipment is trusted and secure. Investments are made to support these activities including in rural and remote areas or to address coverage gaps.”*

Now Therefore Be It Resolved that the Council of the Town of Plympton-Wyoming requests that the Federal Government and ISED and make it their priority to push forward with their commitment to provide this crucial infrastructure in a meaningful and timely manner and provide action and enforcement of the regulations that mandate timely installation of approved Cell Tower Installations.

The health and well-being of our community is at the mercy of our Federal Government taking these matters seriously; taking action to reduce the harm being caused to our residents well being and allowing our emergency services to perform at standard that our larger urban municipalities are able to.

Ella Flynn

RE: Urging the Government to Promptly Resume Assessment Cycle

Please be advised that the Council of the Corporation of the Municipality of Callander passed the following resolution at its Regular Meeting of Council held Tuesday, May 28, 2024.

Resolution No. 2024/05/184:

7.4(c) WHEREAS the assessment cycle is an essential process for maintaining the fairness and predictability of property taxes in our province;

AND WHEREAS the pause in the reassessment cycle has created uncertainty and instability in property taxation, impacting both residential and commercial property owners;

AND WHEREAS the government has delayed an assessment update again in 2024, resulting in Ontario's municipalities continuing to calculate property taxes using 2016 property values;

AND WHEREAS both current and outdated assessments are inaccurate, increase volatility, and are not transparent;

AND WHEREAS frequent and accurate reassessments are necessary to stabilize property taxes and provide predictability for property owners, residents, and businesses alike;

AND WHEREAS the staff at the Municipal Property Assessment Corporation would benefit from further skills enhancement and training in assessments, recognizing the importance of ensuring accurate evaluations for 100% of our municipality;

AND WHEREAS the Government has announced a review of the property assessment and taxation system with a focus on fairness, equity, and economic competitiveness, and therefore further deferring new property assessment;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Municipality of Callander hereby calls upon the Premier to promptly resume the assessment cycle to ensure the stability and predictability of property taxes while the Government conducts its review of the property assessment and taxation system, or respond with an alternative method for every municipality in Ontario to achieve fair taxation;

AND THAT all Municipalities in Ontario and their constituents are encouraged to apply pressure to the Premier, daily, weekly, and monthly, to resolve the situation before it causes undo stress to everyone in the Municipality;

AND THAT a copy of this resolution be forwarded to the Premier, the relevant provincial authorities, the Association of Municipality in Ontario, the Rural Ontario Municipalities Association, the Federation of Northern Ontario Municipalities, the Municipal Property Assessment Corporation, and all municipalities in Ontario for their consideration, to make proper changes as quickly and efficiently as possible.

TOWNSHIP OF RED ROCK

MOVED BY: Muir DATE: AUGUST 12, 2024

SECONDED BY: Smith RES.NO: 13

WHEREAS this council believes that the safety of our community and its protection from crime in all its forms is of utmost importance.

WHEREAS our taxpayer-funded judicial system exists to protect the public, who in return for their tax dollars are entitled to a system that works.

WHEREAS the number of charges laid for failure to comply with court orders – primarily failure to comply with the terms of a promise to appear, undertaking, recognizance, probation order, or peace bond – are steadily on the rise in the province of Ontario.

WHEREAS there has been a notable increase in the number of violent offences committed in the province of Ontario by individuals who are concurrently subject to release orders.

WHEREAS the Ontario justice system is backlogged, court systems under strain, and police and prosecutors overwhelmed by their caseloads.

WHEREAS we have seen a dramatic lowering of the threshold for release, resulting in violent, serious, or repeat offenders who should by rights have been reasonably detained in custody, released on supervision plans that are increasingly deficient.

WHEREAS the general sense among the criminal population is that breaching bail conditions will not result in much by way of consequence for the offender, as evidenced by a clear pattern province-wide of unjustifiable release, a pattern which is bound to continue given insufficient resources to conduct Crown bail reviews, surety bond estreatment hearings, and ensure the subsequent collection of surety bond funds after judgment.

WHEREAS a ‘catch and release’ system constitutes a failure of government to perform a core function of its existence, that being the protection of public.

WHEREAS the current hard drug crisis has contributed to a desperate criminal element that is exacting a significant financial and emotional toll on communities across Canada.

WHEREAS our police services are being demoralized by expending precious time and resources having to manage the repeated arrests of these habitual criminal offenders within a system that limits their ability to effectively protect the public.

AND WHEREAS this ineffective follow-through by our judicial system unfairly erodes the public’s trust in our police services, who consequently become the target of frustrated and angry residents who feel they are no longer being protected from crime.

AND WHEREAS the increasing erosion of public faith and trust in our judicial system ultimately brings the administration of justice in the province of Ontario into disrepute and leads to a growing feeling amongst residents that they are no longer protected by a system perceived to prioritize the rights and freedoms of the criminal over the rights and safety of themselves and their families.

NOW THEREFORE BE IT RESOLVED, that the Township of Red Rock send a letter to the Right Honourable Justin Trudeau, Prime Minister of Canada, the Honourable Arif Virani, Minister of Justice and Attorney General of Canada, Attorney General of Ontario Doug Downey, Ontario Solicitor General Michael Kerzner, the Honourable Doug Ford Premier of Ontario, MP Patty Hajdu, MPP Lise Vaugeois, Staff Sergeant David Moscall, Nipigon OPP, all Ontario Police Associations and Police Departments, Ontario Provincial Police, all Ontario MPPs and MPs, and all municipalities throughout Ontario for their endorsement consideration, requesting additional funding in Ontario's legal system to support a meaningful resistance to the current "catch and release" practice, including hiring sufficient court staff, with a specific focus on additional assistant Crown Attorneys.

Motion #: 7

Resolution #: 7

Date: August 13, 2024

WHEREAS the state of health care in Ontario is in crisis, with 2.3 million Ontarians lacking access to a family doctor, emergency room closures across the province, patients being de-rostered and 40% of family doctors considering retirement over the next five years; and

WHEREAS it has becoming increasingly challenging to attract and retain an adequate healthcare workforce throughout the health sector across Ontario; and

WHEREAS the Northern Ontario School of Medicine University says communities in northern Ontario are short more than 350 physicians, including more than 200 family doctors; and half of the physicians working in northern Ontario expected to retire in the next five years; and (Northern Ontario only)

WHEREAS Ontario municipal governments play an integral role in the health care system through responsibilities in public health, long-term care, paramedicine, and other investments.

WHEREAS the percentage of family physicians practicing comprehensive family medicine has declined from 77 in 2008 to 65 percent in 2022; and

WHEREAS per capita health-care spending in Ontario is the lowest of all provinces in Canada, and

WHEREAS a robust workforce developed through a provincial, sector-wide health human resources strategy would significantly improve access to health services across the province;

NOW THEREFORE BE IT RESOLVED THAT the Council of the Township of Larder Lake urge the Province of Ontario to recognize the physician shortage in the district of Timiskaming and Ontario, to fund health care appropriately and ensure every Ontarian has access to physician care.

Resolution: 219-2024
Moved By: Councillor Dube

RE: Notice of Motion – Councillor Stedall – The Canada Community-Building Fund

Dear Prime Minister:

This letter will serve to advise that at a meeting of City of Quinte West Council held on August 14, 2024 Council passed the following resolution:

Motion No 24-366 – Notice of Motion - Councillor Stedall - The Canada Community-Building Fund
Moved by Councillor Stedall
Seconded by Councillor McCue

Whereas the City of Quinte West is entering into an agreement to receive Canada Community-Building Funds, which is administered by the Association of Ontario Municipalities of Ontario (AMO) on behalf of the Federal government;

And whereas the funding allocations are less that 2% year over year for the next 5 years;

And whereas the amounts allocated in the past 5 years were less than 2% year over year;

And whereas non-residential construction price inflation has risen by 29% since the end of 2020 and municipalities are facing soaring costs for infrastructure projects without a corresponding growth in revenue;

And whereas there is a requirement for municipalities to complete an asset management plan and a housing needs analysis;

And whereas both of these plans show the large funding gap between infrastructure and housing needs and funds available from property taxation;

And whereas The City of Quinte West has over \$1.5 billion in core infrastructure assets and, like other municipalities, its infrastructure is aging and in need of upgrades and replacement;

And whereas The City's Asset Management Plan requires \$37 million annually to maintain existing assets which, based on current available funding, is resulting in an annual infrastructure deficit of over \$17.1 million;

And whereas municipalities are facing a gap in federal infrastructure funding as the 10-year Investing in Canada Infrastructure Program has come to an end;

Now therefore be it resolved that the City of Quinte West calls on the Federal Government to provide a supplement to the allocations provided to municipalities under the AMO CBBF agreement for 2024 - 2028 for the same amount that was allocated, effectively doubling the allocation for those years;

And further that this resolution be forwarded to MFOA, AMO, MP Ryan Williams, and Federal Finance Minister Chrystia Freeland, and all Municipalities in Ontario.
Carried

We trust that you will give favourable consideration to this request.

Yours Truly,

CITY OF QUINTE WEST
