Subject: Cold Weather Response for Residents Experiencing Homelessness

Dear colleagues:

As the cold weather approaches, I am pleased to share helpful resources to assist York Region residents experiencing homelessness.

York Region's [2022-2023 Cold Weather Response Plan](#) includes safe, [temporary housing and support for residents](#) with no alternative housing options – and we continue to include adjustments to reduce risks associated with COVID-19. While the pandemic remains a challenge for York Region residents, it continues to have a significant impact on vulnerable populations, including people experiencing homelessness.

York Region will issue a Cold Weather Alert when Environment Canada forecasts temperatures of -15°C or colder, with or without wind chill, for any local municipality in the Region. During a Cold Weather Alert, please direct residents experiencing homelessness to York Region's Emergency Housing Central Intake Line at 1-877-464-9675 ext. 76140, where they will be offered assistance. This phone line is answered 24 hours a day, seven days a week. Residents can also visit york.ca/extremecold for information and tips about how to stay safe during cold weather.

I encourage you to share this information as appropriate and direct residents seeking support to the resources below. We also encourage municipalities to share information with the community regarding the availability of warming centres during the cold weather season.

Re: STRONG MAYORS BUILDING HOMES ACT

Please be advised that at the Regular Council Meeting on December 7, 2022, the Council for the Corporation of the Township of Brudenell, Lyndoch and Raglan passed the following motion in support of the resolutions opposing changes outline in the *Strong Mayors Building Homes Act*:

Resolution # 2022-12-07-03
Moved By: Iris Kauffeldt
Seconded by: Kevin Quade

"Be It resolved that the Council of the Corporation of the Township of Brudenell, Lyndoch and Raglan hereby supports the Town of Mattawa Resolution, Motion 22-88, dated October 11, 2022 re: Strong Mayors Building Homes Act

And further that Council directs staff to provide a copy of this resolution of support to the Premier of Ontario, the Minister of Municipal Affairs and Housing, the "Standing Committee on Heritage, Infrastructure and Cultural Policy", Renfrew-Nipissing-Pembroke MP, the Association of Municipalities of Ontario and all municipalities in Ontario."

Your attention to this matter is greatly appreciated.

Sincerely,

Honourable Doug Ford

Queen's Park
Toronto ON M7A 1A1

Dear Honourable Ford:

Council of the Town of Mattawa, at their regular meeting of October 11, 2022 approved Page No. 189 of Resolution Number 22-88, which stated:

"WHEREAS the Government of Ontario, through the Minister of Municipal Affairs and Housing, has introduced Bill 3 which is described as "An Act to amend various statutes with respect to special powers and duties of heads of council";

AND WHEREAS this Bill, if enacted, will initially apply to the City of Toronto and the City of Ottawa, but will later be expanded to include other municipalities according to a statement made by the Premier at the 2022 AMO annual conference;

AND WHEREAS this Bill, if enacted, will give Mayors additional authority and powers, and correspondingly take away authority and powers from Councils and professional staff, and will include giving the Mayor the authority to propose and adopt the Municipal budget and to veto some decisions of Council;

AND WHEREAS this Bill, if enacted, will give authority over professional staff to the Mayor, including that of the Chief Administrative Officer;

AND WHEREAS these changes will result in a reduction of independence for professional staff including the CAO, who currently provide objective information to the Council and public and will now take direction from the Mayor alone when the Mayor so directs;

AND WHEREAS these surprising and unnecessary changes to the historical balance of power between a Mayor and Council, and which historically gave the final say in all matters to the will of the majority of the elected Council.

THEREFORE BE IT RESOLVED THAT Council of the Corporation of the Town of Mattawa passes this resolution to petition the Government of Ontario:

.../2

1. ***THAT these changes to the Municipal Act, 2001, are unnecessary and will negatively affect the Town of Mattawa;***
2. ***THAT if the Ontario Government deems these changes necessary in large single-tier municipalities such as Toronto and Ottawa, that such changes should not be implemented in smaller municipalities;***
3. ***THAT the Ontario Government should enact legislation clarifying the role of Mayor, Council and Chief Administrative Officer, similar to those recommended by the Ontario Municipal Administrator's Association and those recommended by Justice Marrocco in the Collingwood judicial inquiry of 2022; and***
4. ***THAT if the stated goal of this legislation is to construct more housing in Ontario that this can be accomplished through other means including amendment of the Planning Act and funding of more affordable housing.***

AND BE IT FURTHER RESOLVED THAT a copy of this resolution be provided to the Premier of Ontario, the Minister of Municipal Affairs and Housing, the "Standing Committee on Heritage, Infrastructure and Cultural Policy", Nipissing MP, the Association of Municipalities of Ontario and all municipalities in Ontario."

Trusting this is acceptable.

Whereas Northumberland County supports action to increase the supply of housing for Ontarians and specifically to address the affordable housing crisis in Ontario; and

Whereas The Government of Ontario introduced Bill 23, *More Homes Built Faster Act, 2022* on October 25, 2022 and the Bill received Royal Assent on November 28, 2022, providing insufficient time for newly elected municipal councils to provide fulsome feedback; and

Whereas Municipalities across the province have identified significant financial, environmental, public consultation, and heritage impacts related to the measures identified in Bill 23; and

Whereas The proposed change to subsection 2(4) of the *Development Charges Act, 1997* to remove "Housing Services" from the list of services that can be funded through development charges would result in the immediate removal of the housing services portion of the Northumberland County Development Charge and result in an estimated funding gap of approximately \$17 million over the next 7 years for financing an estimated 250 new affordable units; and

Whereas At current building levels, an estimated 27% increase to the County portion of property taxes would be required to maintain planned investments and services, with additional tax implications anticipated for local lower-tier municipalities;

Be It Resolved That the Council of the Corporation of the County of Northumberland calls upon the Government of Ontario to pause implementation of Bill 23, and engage in meaningful engagement with municipalities and other key stakeholders to address identified concerns in order to achieve the shared goal of increasing housing supply and improving affordability and sustainability; and

On Wednesday December 14th, 2022 Lanark County Council passed the following motion:

MOTION #CC-2022-235

MOVED BY: R. Kidd **SECONDED BY:** B. Dowdall

Be it resolved that the Lanark County Council recognizes the issues of violence in rural communities as serious to the health and wellness of local families; and

Be it further resolved that the Lanark County Council recognizes the rural Renfrew County Coroner's Inquest as important to all rural communities; and

Based on the statistics of 4815 crisis calls and service provision to 527 women and children in our local community, the Lanark County Council declares IPV (intimate partner violence)/VAW (violence against women) an epidemic as per recommendation #1 of the Renfrew County Coroner's jury recommendations; and

That this resolution be circulated to all municipalities in Ontario, local MPs and MPPs, the Association of Municipalities of Ontario, and the Ministry of the Attorney General, Ministry of Women's Social and Economic Opportunity, and the Federal Ministry of Women and Gender Equality.

Dear Head of Council, Municipal Chief Executive Officer and Clerk, and AMO Staff

Re: Greenbelt Amendments and Revocation of the Central Pickering Development Plan and O. Reg. 154/03

The government is committed to taking bold action to address Ontario's housing supply crisis by building 1.5 million homes over the next 10 years.

That is why the government has taken further action to support this goal by making changes to the Greenbelt and revoking the Central Pickering Development Plan and the associated Minister's Zoning Order (O. Reg. 154/03) to help build at least 50,000 new homes, while leading to an overall expansion of the Greenbelt by approximately 2,000 acres.

Further to the letters sent on Nov 4, 2022 regarding proposed amendments to the Greenbelt and the letter on October 25, 2022 regarding the proposed revocation of the CPDP, I am writing to provide an update that the government has approved Amendment No. 3 to the Greenbelt Plan (by OIC 1745/2022), amended the Greenbelt Area boundary (O. Reg. 59/05), and revoked the Central Pickering Development Plan (by OIC 1746/2022). The amendments were approved as proposed without modifications.

As Minister, I approved the related amendments to the Oak Ridges Moraine Conservation Plan (O. Reg. 140/02) and revoked the Central Pickering Development Planning Area and the related Minister's Zoning Order (O. Reg. 154/03).

Information on the Greenbelt Area boundary regulation, and the Oak Ridges Moraine Conservation Plan, and the revocation of the Central Pickering Development Plan and Minister's Zoning Order can be found at:

- Designation of Greenbelt Area (O. Reg. 567/22) - <https://www.ontario.ca/laws/regulation/r22567>
- Oak Ridges Moraine Conservation Plan (O. Reg. 568/22) - <https://www.ontario.ca/laws/regulation/r22568>
- Zoning Area - Regional Municipality of Durham, Part of The City of Pickering (O. Reg. 566/22) - <https://www.ontario.ca/laws/regulation/r22566>

Further details on these changes, including updated mapping, will be available online soon.

Thank you to those municipalities who provided feedback. The province looks forward to continued collaboration with municipal partners to get more homes built faster.

Sincerely,

Steve Clark

Council Meeting

Resolution No. 1763
Title: Resolution Re: Natural Gas Prices
Date: Wednesday, December 14, 2022

Moved by J. Flieler
Seconded by J. DeMarsh

WHEREAS the price of natural gas is critical to the day-to-day cost of living for many residents of Ontario;
AND WHEREAS the price of natural gas plays a large role in establishing a competitive business climate;
AND WHEREAS some residents in Ontario consistently experience higher natural gas bills that are a result of transporting fuel and forecasted pricing models;
AND WHEREAS the Ontario Energy Board (OEB) has the authority to regulate natural gas prices;
NOW THEREFORE BE IT RESOLVED that the Council for the Municipality of Tweed hereby petitions the Ontario Energy Board to regulate natural gas bill costs to levels that are affordable and profitable as in jurisdictions within Ontario that have lower costs;
AND FURTHER, that Council directs the Clerk to ensure that a copy of this Resolution be provided to the Premier of Ontario, the Minister of Energy, all Ontario Municipalities (for support), the Ontario Energy Board, Enbridge Gas Inc., and the Association of Municipalities of Ontario (AMO);
AND FURTHER, that all Resolutions of support received by the Municipality of Tweed be submitted to the Ontario Energy Board (OEB) and Enbridge Gas Inc.

REGULAR COUNCIL MEETING

RESOLUTION

Tuesday, September 20, 2022

Resolution # RC22159	Meeting Order: 5
Moved by: <i>Cathy Cannon</i>	Seconded by: <i>M. Hatfield</i>

WHEREAS the Government of Ontario, through the Minister of Municipal Affairs and Housing, has introduced Bill 3 which is described as "An Act to amend various statutes with respect to special powers and duties of heads of council";

AND WHEREAS this Bill, if enacted, will initially apply to the City of Toronto and City of Ottawa, but will later be expanded to include other municipalities according to a statement made by the Premier at the 2022 AMO annual conference;

AND WHEREAS this Bill, if enacted, will give Mayors additional authority and powers, and correspondingly take away authority and powers from Councils and professional staff, and will include giving the Mayor the authority to propose and adopt the Municipal budget and to veto some decisions of Council;

AND WHEREAS this Bill, if enacted, will give authority over professional staff to the Mayor, including that of the Chief Administrative Officer;

AND WHEREAS these changes will result in a reduction of independence for professional staff including the CAO, who currently provide objective information to the Council and public and will now take direction from the Mayor alone when the Mayor so directs;

AND WHEREAS these are surprising and unnecessary changes to the historical balance of power between a Mayor and Council, and which historically gave the final say in all matters to the will of the majority of the elected Council; and

NOWHEREFORE BE IT RESOLVED THAT the Council of the Corporation of the Municipality of Wawa does hereby pass this resolution to petition the Government of Ontario that:

p.2...

The Corporation of the Municipality of Wawa

REGULAR COUNCIL MEETING

RESOLUTION

1. These changes to the Municipal Act, 2001, are unnecessary and will negatively affect the Municipality of Wawa;
2. That if the Ontario Government deems these changes necessary in large single-tier municipalities such as Toronto and Ottawa, that such changes should not be implemented in smaller municipalities;
3. That the Ontario Government should enact legislation clarifying the role of Mayor, Council and Chief Administrative Officer, similar to those recommended by the Ontario Municipal Administrator's Association and those recommended by Justice Marrocco in the Collingwood judicial inquiry of 2020; and
4. That if the stated goal of this legislation is to construct more housing in Ontario that this can be accomplished through other means including amendment of the Planning Act and funding of more affordable housing.

FURTHER, Council of the Corporation of the Municipality of Wawa directs the Clerk to ensure that a copy of this resolution be provided to the Premier of Ontario, the Minister of Municipal Affairs and Housing, the "Standing Committee on Heritage, Infrastructure and Cultural Policy", MPP for Algoma-Manitoulin – Kapuskasing, Michael Mantha, MPP, the Association of Municipalities of Ontario, and other Municipalities in Ontario."

RE: Bill 23 More Homes Built Faster Act

The Municipality of North Perth appreciates that housing is a top priority for the Province and shares the desire for more homes, especially affordable homes. However, following a high-level review of the proposed legislation, the Municipality of North Perth believes that Bill 23 will do little to accomplish this goal.

Firstly, we appreciate the opportunity to provide comments on this matter, but find it important to acknowledge that staff and Council of the Municipality require more than 30 days to digest and respond to a complex piece of legislation affecting nine existing Acts.

North Perth was disappointed to learn that Bill 23 received Royal Assent on November 28, 2022, despite the Province extending the comment period to December 9th. The Municipality feels that this further proves that although municipalities are the most informed on local housing issues, the Province does not view them as a strategic partner in solution finding and action. As outlined below, the Municipality of North Perth has several concerns to date with the legislation.

The bill, as it is currently written, would eliminate the charges that developers currently pay toward housing. This will eliminate hundreds of millions of dollars that municipalities rely on for housing programs and dramatically reduce municipal affordable housing efforts.

Development Charges (DC) are designed to help municipalities pay for a portion of the capital infrastructure required to support new growth, to ensure that existing taxpayers are not required to subsidize costs of the infrastructure or services needed to support new residents and businesses. Without a new revenue stream to offset DC payments, the legislation hampers the ability of

municipalities to fund and deliver growth-related infrastructure. The changes to the Development Charges Act fundamentally impacts municipalities' ability to ensure growth pays for growth.

The changes to the various Acts have significant financial impacts on Ontario's municipalities along with their respective taxpayers. It is anticipated that these changes will put additional pressure on property taxes and water and wastewater rates. Property taxes and user fees are crafted to fund projects and programs that communities need, however adding more costs to existing property owners will increase their costs and could negatively impact their ability to keep their current housing affordable. Provincial legislation should not unduly burden homeowners and renters to guarantee the long-term success of solving the housing crisis.

Municipalities are extremely limited in the ways that they can collect revenue, relying on transfers from other levels of government to mitigate property tax rate increases, fund critical infrastructure and balance annual budgets. Municipalities already face an infrastructure funding gap that requires additional financial investments, resources and supports. Planning for increasing additional dwelling units will place more strain on water and wastewater systems which will require upgrading to increase capacity. This will require additional financial resources to manage, at a time when municipalities are already facing increased budgetary pressures due to inflationary costs, increased citizen expectations and the transfer of responsibilities from the Province. Without additional funding or resources from the Province to offset these costs, municipalities will have little option but to put these costs back on the taxpayer.

The amendment that all DC by-laws passed after January 1, 2022 (previously June 1, 2022) must be phased-in for the first five years that the by-law is in force will have an overall negative consequence to the goal of building more housing. The phase-in will delay necessary infrastructure projects to unlock growth while also providing incentives for development projects to be delayed until a new by-law is enacted.

Growth-related infrastructure often centres on the infrastructure itself, but a critical piece towards infrastructure is the land required to build. Land represents a significant cost for some municipalities in the purchase of property to provide

services to new residents. This is a cost required due to growth and should be funded by new development. Studies, such as Official Plans, are required to establish when, where and how a municipality will grow. These growth-related studies should remain funded by growth. Master Plans and environmental assessments are essential to understand the servicing needs that development will place on hard infrastructure; again, these are necessary studies to inform the servicing required to establish the supply of lands for development. This would restrict the supply of serviced land and would contradict the province's intent to create additional housing units.

Parkland dedication levies exist to ensure that municipal park systems grow alongside other community developments. Increasing the supply and mix of housing is an important goal that we all share; however, sufficient access to parks and greenspace cannot be overlooked as we try to create meaningful alternatives to single-family dwellings. Municipalities already face challenges with the supply of adequate parkland due to the rising costs of land and current limitations under the Planning Act relative to municipal parkland standards. Upper-tier and single-tier municipalities across the province utilize DCs to help fund the construction of new affordable housing units with the goal of providing affordable housing to those in need. The removal of housing services and limiting the tools available to municipalities to support homeless and underhoused people and families will reduce municipality participation in creating affordable housing units, putting further burden on municipal taxpayers.

In order for the Province to successfully achieve the goal of building 1.5 million homes within the next ten years, municipalities must be viewed as strategic partners. As the frontline level of government, municipalities are also eager to resolve the housing crisis and are the most informed on what is needed to create complete communities that the people of Ontario want and expect.

Please consider revisions to the regulations in Bill 23 for more meaningful review and consultation with stakeholders and input from municipalities, and conduct thorough analyses of both short and long-term impacts. To ensure informed implementation of this proposal, alternatives to improve the legislation to effectively create more attainable housing for Ontario need to be considered.

Re: City of Cambridge - Opposition to Bill 23, More Homes Built Faster Act

Municipalities of Ontario,

At the Special Council Meeting of December 15, 2022, the Council of the Corporation of the City of Cambridge passed the following Motion:

Moved By: Councillor Roberts

Seconded By: Councillor Hamilton

Whereas the More Homes Built Faster Act received Royal Assent on November 28, 2022; and

Whereas these changes that will have significant impacts on several provincial Acts and in turn, significant and longstanding impacts on Ontario municipalities; and

Whereas the Act defines affordable housing as 80% of the market rate; and

Whereas a definition of affordability which is tied to a percentage of market rates remains largely unaffordable for many; and

Whereas the province has restricted the use of inclusionary zoning by limiting it to 5% of dwellings within a development, thereby limiting affordable housing opportunities; and

Whereas the province has restricted the use of inclusionary zoning by capping the time to remain affordable at 25 years, thereby limiting the longevity of housing affordability; and

Therefore, be it resolved that the Cambridge City Council requests that the provincial definition of affordable be based on income and not market rates, and

Be it further resolved that the Cambridge City Council requests that the provincial limitation of 5% of the use of inclusionary zoning within a development be increased; and

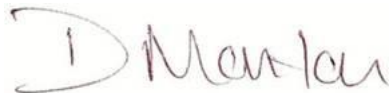

Be it further resolved that the Cambridge City Council requests that the provincial timelines regarding the use of inclusionary zoning affordable housing be increased beyond 25 years;

Be it further resolved that the Cambridge City Council requests that the Province reconsider how the More Homes Built Faster Act, 2022, will negatively impact environmental protection, heritage preservation, public participation, and loss of farmland; and

Be it further resolved that Cambridge City Council also supports the resolution passed on December 8, 2022 by the Ontario Big City Mayors regarding the More Homes Built Faster Act.

Should you have any questions related to the approved resolution, please contact me.

Dear Honorable Doug For ,

Re: Repeal Bill 23

Please be advised that the Council of Loyalist Township, meeting held on Monday, November 28, 2022 passed the following resolution:

Resolution 2022.1.26

Moved by Deputy Mayor Towne Seconded by Councillor Proerck,

"Whereas Bill 23 proposes to shift the costs of growth to existing property taxpayers; impacting the municipality's ability to provide essential works, particularly those that are growth related.

And whereas the passage of this legislation will undermine council's ability to reduce the already disproportionate burden on our residents.

Therefore, where the creation of a new tax to fund growth will be greatly felt by Loyalist, where residents expect to climb quickly over the existing horizon.

Whereas the passage of this legislation will create delays in housing construction because of the need to propose and implement the municipal bylaws, and the associated costs of the process. These requirements are contrary to the policy of the Province of Ontario, which is to encourage the development of housing, where Loyalist currently enjoys a competitive process.

Dear Tracy Robinson:

Re: CN Railway Contribution Requirements under the *Drainage Act* and Impacts on Municipal Drain Infrastructure in Ontario

At the October 17, 2022, regular Council meeting Warwick Township Council discussed the continuing impacts of CN's decision not to participate in funding municipal drains in Ontario, as per the *Drainage Act*, and the negative consequences on our community and others in the Province and approved the following resolution to be circulated to CN and related partners:

WHEREAS municipal drains are considered critical rural infrastructure that support food production, food security, the environment and economic sustainability in rural Ontario;

AND WHEREAS the creation, maintenance and contribution requirements towards municipal drain infrastructure are governed by the *Drainage Act*;

AND WHEREAS an official from CN Rail has formally communicated to the Township of Warwick that "CN's decision is that it is a federally regulated entity under CTA guidelines, as such, are not governed by provincial regulations";

AND WHEREAS the implication that any public utility could become exempt from the financial requirements invalidates the underlying principle that all benefitting from municipal drain projects are required to contribute financially, including all public utilities;

AND WHEREAS there are currently at least fifty-five municipal drainage projects in Ontario being impacted by CN's actions and refusal to contribute as per the Drainage Act;

AND WHEREAS the Township of Warwick and many rural municipalities have expressed concerns over this CN Rail position to the Ministry of Agriculture and Rural Affairs consistently over at least the past four years;

AND WHEREAS the Township of Warwick and other rural municipalities met with Minister Thompson at the Association of Municipalities in Ontario (AMO) on this issue and Minister Thompson has confirmed it remains the Provincial government's position that the Drainage Act does apply to all federally regulated railways;

NOW THEREFORE the Council of the Township of Warwick hereby declares as follows:

THAT Ontario's Drainage Act is an important piece of legislation used to meet the drainage needs of a variety of stakeholders, including agricultural businesses and ultimately food production, thereby supporting families, neighbours, and thriving communities;

AND THAT CN Rail be called upon to act as a partner to municipalities and agriculture in Ontario and reconsider its position that the Drainage Act does not apply to it as a public entity;

AND THAT CN Rail contribute to all municipal drains in Ontario, as per section 26 of the Drainage Act, and work to expedite its response timelines to the fifty-five projects currently on hold in Ontario so that the projects impacting the agriculture sector can proceed and be dealt with in a timely manner after years of delay caused directly by CN Rail;

AND THAT a copy of this resolution be circulated to Minister of Agriculture Food and Rural Affairs Lisa Thompson, local MPP Monte McNaughton, Minister of Agriculture and Agri-Food Marie-Claude Bibeau, CN Manager Public Affairs, Ontario & Atlantic Canada Daniel Salvatore, the President and CEO of CN Rail Tracy Robinson, Director of Government Relations Railway Association of Canada Gregory Kolz and to all municipalities in Ontario for their support.

- Carried.

Warwick Township Council looks forward to a timely response from CN in the hopes that this issue impacting rural Ontario can be resolved.

December 13, 2022

Mayor John Taylor
Town of Newmarket

Dear Mayor Taylor:

RE: Crime Stoppers of York Region

As we approach the new year, we would ask that the council of the Town of Newmarket proclaim January 2023 as Crime Stoppers of York Region month. The 2023 Crime Stoppers Month Theme will be, **Stand Up, Stand Together.**

Canadians must **Stand Up, Stand Together** for our nation's values of inclusion, respect for cultural differences, equal rights and a commitment to social justice. We **Stand Up, Stand Together** for safe communities and the fight against criminal activity. The number of human trafficked victims continues to increase, the manufacture and distribution of counterfeit and illicit goods presents health and economic threats, the continued global demand for endangered and at-risk wildlife, the growing Opioid and Fentanyl epidemic, and the threat of Cyber-crime on businesses and individuals all negatively impact our safety and our communities. Crime Stoppers programs will assist in creating awareness and education to mobilize Canadians in reporting suspicious or criminal activity anonymously to Crime Stoppers.

Thank you for your consideration.
