September 28 is Ontario's first Test Your Smoke Alarm Day! Central York Fire Services encourages you to test all smoke alarms in your home to make sure they work in case of an emergency.

Did you know?

- Having working smoke alarms won't just save your life – it's the law.
- If your smoke alarm detects smoke, it will sound a loud, three-beep alarm pattern. In the event of a fire, you may have less than 60 seconds to safely escape danger.
- Smoke alarms expire – usually every 10 years.

Get involved! Simply press the "test" button on your alarm and listen for the three-beeps.

3 REASONS WHY YOUR WASTE MATERIALS WERE NOT PICKED UP AT THE CURB

Waste materials left at the curb? Here's are three possible reasons why:

1. Extra cardboard boxes were not flattened and tied with string or twine (no rope).
2. Improper use of containers for waste and improper items left at the curb.
3. Items not left at the curb by 7 a.m.

Familiarize yourself with the Town's waste collection requirements to make sure your waste materials are picked up.

SAFETY IS ALWAYS THE RIGHT STRATEGY: PEDESTRIAN SAFETY TIPS

Motorists and pedestrians should keep these tips in mind and make safety a TOP priority:

- Always cross the street at school crossing guard locations or at intersections.
- Avoid using any mobile device or wearing headphones that will distract you while crossing the street.
- As a driver, keep your hands on the wheel and eyes on the road.

DO NOT FEED GEESE OR DUCKS

Remember to admire wildlife from afar. Don't feed bread to geese or ducks - doing so may have long term impact. Feeding bread to geese or ducks at the lake may sound harmless, but this may cause defects such as Angel Wing - a condition can leave geese unable to fly and migrate south for the winter.
